

A **NEW** Signing System that merchandises **Produce with Floral** and helps your customer select the right products.

3-track insert 3.875" x 7.75"

Earth Tone Produce Color System for Health & Nutrition

Blanc Industries has developed a produce sign package that informs the consumer of the nutritional content of each fruit and vegetable with a color band for easy identification.

With a beautiful 4 color photo, these name inserts also display the preparation, selection, and storage information for proper care. Available in a 3-track and 2-track size, inserts conveniently fit into our standard signage system. Components include: Tag Bank™ pricing system, country of origin Tag Bank™, nutritional insert, stanchion sign, category inserts, Street Sign and photo category headers.

6-track 11" Category Sign

3-D Street Sign

2-track insert 2.5625" x 5.5"

National Insert

Earth Tone Floral Color System for Occasions

This signing system is a fool-proof way for your customers to select that perfect flower or plant to give on any occasion. Simply match the color chart stanchion sign to the color on the name insert. It's that easy. This signing system complements the produce color system with beautiful 4-color photographs that make it easy to identify the product. Comes complete with 2-track and 1-track (2 color) name inserts, Tag Bank™ pricing system and color chart stanchion sign.
